13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Concho Oil & Gas Corp. recently acquired the above well (see change of operator, attached) from Manzano Oil & Gas Corp. It has come to our attention that the well is classified as a dual completion in the MMS/BLM database. BLM owns the surface for this well.

Concho Oil & Gas Corp respectfully requests a change in the classification from a dual completion to a single completion since all well data indicates the well is a single completion in the Atoka Morrow West pool. We have spoken to Mr. Glass regarding this well and he too agrees this well should be classified as a single completion.
