SUPPLEMENT TO THE OIL PRODUCTION SCHEDULE

The following is a list of the oil production schedule for the month of April, 1917, as reported by the oil producers in the State of New Mexico. The schedule is based on the data furnished by the oil producers to the Oil Conservation Commission, and is subject to change without notice.

The schedule is divided into two parts, the first part showing the production of oil in the State of New Mexico, and the second part showing the production of oil in the United States. The production of oil in the State of New Mexico is shown in the first part of the schedule, and the production of oil in the United States is shown in the second part of the schedule.

The production of oil in the State of New Mexico is shown in the first part of the schedule, and the production of oil in the United States is shown in the second part of the schedule.
