(NOTE: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.) *

Formerly

On October 22, 1974, Belco Petroleum Corporation elected to abandon the subject well at TD 11,645'. In accordance with the farmout agreement, Franklin, Aston & Fair, Inc. is taking over operations. We plan to drill the well to approximately 12,700' to test the Devonian. If production is indicated, 5 1/2" casing will be run for completion.
