Eddy County, NM

Dear Mrs. Spain:

In reply to your letter of October 15, 1976, concerning certain Forms submitted on the subject well.

First, let me say that Form C-105 and the Back Pressure Curve are not approved by the Commission, therefore, we do not return a copy to the operator unless one is requested.

Form C-104 is not approved on gas wells until we receive a Notice of Gas Connection from the transporter. Further, according to the formation tops reported on Form C-105, this well is completed in the Atoka, therefore, prior to assigning an allowable Form C-102, Acreage Dedication Plat, must be submitted for the Atoka zone.

Also, a tabulation of all Deviation Tests run, sworn to, and notarized must be submitted.

Enclosed is a copy of Form C-105 and the Back Pressure Curve. If you have any questions concerning this matter, please feel free to call upon me.

Sincerely yours,

W.A. Gressett
Supervisor, District II
