Dear Mr. Gressett:

This letter is to advise you that effective May 1980 the above captioned well had a split connection with El Paso Natural Gas Company and Northern Natural Gas Company. The well continued to produce with the split connection until the end of December 1980. A C-104 form was not submitted showing the split connection with Northern Natural Gas Company, however, the production was shown on the C-115 report each month during that time interval.

If additional information is needed, please let me know.

Yours truly,

Juanita Goodlett
Engineering Secretary
