17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Due to non-commercial production from the Morrow formation perforated from 9120-9255, we plan to set cast-iron bridge plug at 9070' and dump three sacks of cement on top.

We then plan to perforate the Strawn formation at 8441-8448 with one hole per foot and return the well to production. The Strawn zone will be treated with acid if needed.

Operation will begin 9/17/79 - 9/20/79 or as soon as the pulling unit can be obtained.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.

SIGNED William J. [Signature] TITLE Operations Manager DATE 9/14/79
