Gentlemen:

We hereby acknowledge receipt of Form C-105, Well Completion Report and Log, on the subject well, reporting an Upper Penn. Oil Well Completion. Said well is located within one mile of the Travis Upper Penn. Pool; therefore, it must conform with the special pool rules, which require 80-acre spacing, and wells to be located within 150 feet of the center of the quarter-quarter section.

Prior to an allowable being assigned, Forms C-104 and C-102 must be submitted and you must submit an application to our Santa Fe office for approval of the non-standard location. Further to complete our records, please submit Form C-103, reporting the results of treatment of the Morrow and any other zones perforated and the method used to plug the well back.

If you have any questions concerning this matter, please feel free to call upon me.

Sincerely,

W. A. Gressett
Supervisor, District II
