

This form is to be filed with the appropriate District Office of the Commission not later than 20 days after the completion of any newly-surficed or deepened well. It shall be accompanied by a copy of all electrical and radio-activity logs run in the well and a summary of all special tests conducted, including drill stem tests. All depths reported shall be measured by tape. In the case of conventionally drilled wells, true vertical depth shall also be reported. For multiple completions, Items 30 through 34 shall be reported for each zone. The forms to be filed in quantity except on state land, where six copies are required. See Rule 1435.
