Re: Non-Standard Gas Well Location  
Sec. 30, T-17S, R-28E  
Eddy County, New Mexico  
State 30 - 1

Gentlemen:

Holly Energy Inc. respectfully requests that a hearing be called to consider Holly's application for a permit to drill State 30-1 at a non-standard location, which will require an exception to Paragraph C-II of Rule 104, New Mexico Oil Conservation Commission Rules and Regulations.

The requested location is 660 feet FNL and 840 feet FEL of Section 30, T-17S, R-28E. Rule 104, Paragraph C-II requires that a well will be not closer than 1980 feet to the nearest end boundary.

The proposed well is projected to a depth of 10,000 feet to test the gas reservoirs to a depth sufficient to test the Morrow.

Yours truly,

*Robert Loyd*  
Robert Loyd  
Superintendent
