

# Multi-Point Surface Use and Operations Plan

Hondo Oil & Gas Company

Well No. 1, Federal 10

1550' FNL & 660' FWL (Unit letter E) Sec 10-18S-28E

Eddy County, New Mexico

Lease, New Mexico LC028772-b

Development Well

NOV 23 1973

U.S. GEOLOGICAL SURVEY  
ARTESIA, NEW MEXICO

This plan is submitted with the Application for Permit to Drill the above described well. The purpose of the plan is to describe the location of the proposed well, the proposed construction activities and operations plan, the magnitude of necessary surface disturbance involved, and the procedures to be followed in rehabilitating the surface after completion of the operation so that a complete appraisal can be made of the environmental effects associated with the operation. Archaeological Clearance Report is attached.

## 1. Existing Roads:

- A. Exhibit "A" is a portion of a map with highways showing the location of the proposed well as staked. From Artesia go east on Hwy 82, 13 mi, turn south @ ARCO office, go 1.6 mi southeast on blacktop, turn right (SW) on existing caliche road, go 1 mi, turn right (West) on existing caliche road (pipeline R/W) go 1 mi, turn left (south) on existing caliche road 500', turn right (west) on proposed new road 600' to staked well location.
