Gentlemen:

This is to advise that on January 5, 1981 the Harvey E. Yates Company's Travis "13" State Com. #1 Morrow gas well located in Unit F of Section 13, Township 18S, Range 28E, Eddy County, New Mexico was disconnected from El Paso Natural Gas Company's gathering system. This meter will remain on location temporarily, but inoperative, until permanent status of the measuring arrangement is determined.

This disconnection was due to recompletion of the well to Travis Upper Penn oil zone; which is being connected to El Paso Natural Gas Company's system.

Yours truly,
