No well will be assigned an allowable greater than the amount of oil produced on the official test. During gas-oil ratio test, each well shall be produced at a rate not exceeding the top unit allowable for the pool in which well is located by more than 25 percent. Operator is encouraged to take advantage of this 25 percent tolerance in order that well can be assigned increased allowables when authorized by the Commission.	vable great well shall or is enco	er than be pro- uraged	the am	ount of q t a rate advanta	il produ	ced on the official eeding the top units 25 percent tolus	il test nit all	owable for the contract of the	or the pool	he pool in which well is at well can be assigned	It is	I he is true	I hereby certif is true and comp ledge and belief.	ertify the omplete lief.
