Re: Federal BB
#1-C-10-18-27

Dear Sir:

In response to your request dated September 23, 1991 for a C-104 showing current transporters, please be advised that a gas flowline has not been constructed yet for the above captioned well. Phillips 66 Natural Gas Co. indicated that date of first delivery was 8-14-91, however until a pipeline has been constructed, first delivery will not be made. Phillips did install a meter at the well site, but to date no other actions have been taken to connect this well. A C-104 will be filed by Merit Energy after construction takes place.

If you have any questions or need additional information, please contact me at (214) 701-8377.

Sincerely,

Sheryl J. Carruth
Regulatory Manager
