Loco Hills, New Mexico 88255

Dear Sir:

This letter is in response to your inquiry regarding the connection of the subject well to a Phillips Petroleum Company gas gathering system. On February 4, 1981 Phillips applied for Federal easement which should be cleared by March 1, 1981. As soon as right-of-way is cleared a construction release will be written so actual construction can begin. It is anticipated that construction should be completed in two to three weeks after the release is written.

Very truly yours,

J. A. Moon
Gas Development Superintendent
Gas and Gas Liquids Group
