Und. Artesia Grayburg SA Pool

Gentlemen:

In order to be able to assign a testing allowable for the above mentioned well you will need to give the name of the formation and perms of the production zone.

Also, this office has not received the C-103 forms showing the spud date or when surface casing and the production string were set.

If there are any questions please let us know.

Sincerely,

A handwritten signature in cursive script, reading "Leslie A. Clements".
