Atoka San Andres Pool

Gentlemen:

Our office has received your intent to drill the above captioned well.

On a 40 acre dedication for an oil well, the standard requirements are for 330 feet from the outer boundaries. This well is located 315 feet from an outer boundary.

You will need to file for a Non-Standard Location approval from the Santa Fe office before an allowable can be assigned to this well.

Sincerely,

*Leslie A. Clements*
