

Surface Use Plan

- See road map for location.
- Surface ownership is vested in the State of New Mexico.
All State requirements and rules will be met.
- No additional roads are to be constructed as the present road is sufficient and in good shape.
- It is not planned to add any surface area to the existing well pad. The existing pad is in good shape and is sufficient in size.
- It is only planned to dig a small pit (8' X 15') adjacent to the well bore to dispose of fresh water, cuttings, and a small amount of trash.

CERTIFICATION.

I hereby certify that I, or persons under my direct supervision, have inspected the proposed drillsite and access route, that I am familiar with conditions with presently exist; that the statements made in this plan are the best of my knowledge, true and correct; and, that the work associated with the operations proposed herein will be performed by George A. Denton and its contractors and subcontractors in conformity with this plan and the terms and conditions under which it is approved.
