Casinghead Gas.

Dear Mr. Williams:

This is to inform you that Phillips Petroleum Company has been piping the casinghead gas from Exxon State #1 since September, 1984; from Exxon State #2 since September, 1984; and from Humble State #1 since November, 1984. Also, we are not producing any gas from Burmah State #1.

Please find enclosed the new C-104's for the wells that produce casinghead gas. Sorry I didn't get these in sooner. I called Phillips Petroleum Company in Odessa, Texas and got the necessary dates.

Very truly yours,

Marlys Reynolds
