REQUEST FOR APPROVAL TO MEASURE GAS OFF LEASE

This request is made per requirements of Notice of Incidents of Noncompliance #NM-067-95-CQ-100.

This oil well is under a casinghead gas contract with GPM (formerly Phillips) and currently sells approximately 200 MCF per month.

At the time of the contract, the buyer was not willing to extend their gathering system the necessary 3,515 ft. to the Mountain States Lease. Therefore, our contract was contingent upon delivery of the gas to their gathering facilities for measurement at NW/4 NW/4 Section 2, T-19-S, R-29-E (See attached copy of cover letter to gas contract).

Santa Fe Exploration requested and received a right-of-way from the State of New Mexico (ROW#23460) to transport the gas to the measuring facilities. The term was extended through 6/6/98.

Due to the above, we request approval to continue measuring gas off lease.

PRODUCTION FROM THIS WELL WILL BE METERED SEPARATELY.

14. I hereby certify that the foregoing is true and correct
