Re: Welch #1 I-20-18-28

Mr. Haile:

Please find attached a copy of your letter in reference to the expired Exception To No Flare Permit #725 on the subject well.

If gas has been connected, please send in Form C-104 with the first three parts filled in. If gas has not been connected you need to submit Form C-129 Application For Exception To No Flare Rule 306.

We also need C-115's for October and November 1985. We have received Amended Reports for the months of August, September and December, but have no original reports for period.

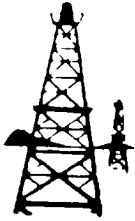

If you have any questions or need assistance please contact Betty Rollins or myself at this office.

Sincerely, .
