13. Describe Proposed or Completed Operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

The Wiser Oil Company wishes to convert this well to a Dual Water Injection Well for injection into both the Fren-7 Rivers and the Grayburg Jackson 7 Rivers-QN-GB-SA. This is an expansion of the Skelly Unit Waterflood Project, which was approved under New Mexico Oil Conservation Division Orders R-4717 & R-4717A, for the Fren 7 Rivers, and R-2900 & R-3214, for the Grayburg Jackson 7 Rivers-QN-GB-SA. An application to the New Mexico Oil Conservation Division to expand these orders to include the SU#302 is being prepared.

14. I hereby certify that the foregoing is true and correct.
