Oil Conservation Division
811 South First
Artesia, NM 88210

Gentlemen:

Enron Oil & Gas Company has done an Archaeological Study on the proposed location 400'x400' on the STW "25" State Com. Well No. 1. There is an arch site in the southeast corner of the 400'x400'. A copy of the arch report is attached.

We propose to fence the arch site as recommended and monitor the site while building the location.

If there are any questions, please do not hesitate to call me.

Yours very truly,

W. D. Smeltzer
Drilling Superintendent
