Mewbourne Oil Company
Attn: Steve Cobb
500 West Texas, Suite 1020
Midland, Texas 79701

Dear Mr. Cobb,

Our office has reviewed your request for a geologically based communitization agreement involving a well to be located in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of sec. 8, T. 18 S., R. 31 E., NMPM, Eddy County. We have also reviewed the hand-delivered information submitted by Mr. Dean Boundy in support of your submittal. We are in agreement for a W $\frac{1}{2}$ dedication based on his geologic data. Additionally, other geologic maps of the subject formation available in this office also support a W $\frac{1}{2}$ dedication in this section. The Bureau of Land Management would therefore look favorably on a communitization agreement for a west half dedication for this well.

If you have any additional questions concerning this issue, please call John S. Simitz at (505) 627-0288 or the Division of Lands and Minerals at (505) 627-0272.

Sincerely,

Larry D. Bray
Assistant Field Manager, Lands & Minerals
