- B. Any pits containing fluids will be fenced until they are filled. The NMOCD pit netting rules will be followed. The reserve pits will be reclaimed by deep burying the drill cuttings. The pit area will be leveled and contoured to conform to the surrounding area. A stockpile of topsoil from the location construction will be evenly distributed over the disturbed area. Re-vegetation procedures will comply with BLM standards.
- C. Upon abandonment of the well, surface restoration will be in accordance with the surface owner requirements and will be accomplished as expediently as possible.

11. Surface Ownership

The surface for the well site locations is on BLM surface and minerals and administered by the BLM.

12. Additional Information

- A. Topography: Gently rolling grassland with caprock mesa formations.
- B. Vegetation includes Honey mesquite, creosote, broom snakeweed, various cacti, sand sage, various yucca, and mixed grasses.
- C. Soils are of the Reeves-Gypsum land-Cottonwood association as defined by the Soil Conservation Service of the U.S. Department of Agriculture.
- D. Primary use of the land is livestock grazing and accessing producing wells.
- E. There are no dwellings in the vicinity.
- F. An archaeological block survey was performed by Mesa Field Services report # MFS-537
- G. The selected dirt contractor will be furnished with an approved copy of the Surface Use Plan and any additional stipulations prior to beginning any work.

13. Operator's Representatives

Jeff Robinson, Engineer ARCO Permian 200 Westlake Park Blvd, Rm 245 Houston, TX 77079 (281) 366-3706

Certification

I hereby certify that I, or persons under my direct supervision, have inspected the proposed drill site and access route; that I am familiar with the conditions that currently exist; that the statements made in this plan are, to the best of my knowledge, true and correct. ARCO Permian and its contractors and subcontractors in conformity with this plan and the terms and conditions under which it is approved will perform the work associated with the operations proposed herein. This statement is subject to the provisions of 18 U.S.C. 1001 for filing of a false statement.
