Gentlemen:

Confirming our telephone conversation with Mr. Stamets on June 21, 1966 we are resubmitting Form C-104 regarding the subject well.

The original C-104 was submitted to you on June 16, 1966 to reflect the name change of this property. At that particular time it was not discovered wellhead gas was being sold, for drilling fuel, to Loffland Brothers Drilling Company. Consequently, the Designation of Transporter of Natural Gas portion of the form did not show this information.

Volumes of gas sold to Loffland Brothers Drilling Company for April and May will be corrected and submitted on Form C-115.

We regret the delinquency of filing the C-104. This came about by changes in personnel, resulting in a breakdown of communications.

We sincerely appreciate both your suggestions and guidance in resubmitting the enclosed form.

Yours very truly,

T. A. Payne
