Dear Madam:

Please find enclosed herewith your approved copy of form C-101, Notice of Intention to Drill, on the New Mexico "A" No. 2 well in NW SW Sec. 32-198-27E, McMillan Seven Rivers Pool, Eddy County, New Mexico.

You will note that your approved copy is not signed by your company representative, the reason being, you only submitted five copies of this Notice whereby Rule 1104 of the Oil Conservation Commission Rules & Regulations requires six copies of C-101 for all wells drilled on State Land, We have typed an extra copy and approved same for you in order that we would have enough copies for the commission files, U.S.G.S. and State Land Office.

Since your well location is within the boundaries of the Roswell Artesian Water Basin you must fill out the enclosed forms in triplicate, Application For Permit To Drill for Oil, and mail them to Office of State Engineer, Box 810, Roswell, New Mexico.

Mail all forms in regard to operations on drilling wells on State or Fee lands in Eddy County direct to Oil Conservation Commission 205 Carper Bldg., Artesia, New Mexico instead of to O.C.C. at Hobbs, New Mexico.

Thanking you for your cooperation,

OIL CONSERVATION COMMISSION
