Gentlemen:

In regard to the above captioned well, we find it necessary to ask you to resubmit Form C-101 and C-128 on the proper Oil Conservation Commission forms instead of the reproduced copies you have submitted to date.

Also, in regard to Form C-101, it is necessary to submit six (6) copies, and three (3) copies of Form C-128 on the first three (3) copies of Form C-101.

You will find enclosed herewith a quantity of Form C-101 for your convenience.

Please submit these forms to this office as soon as possible so your Notice of Intention to Drill can be approved and distributed properly.

Very truly yours,

OIL CONSERVATION COMMISSION

M. L. Armstrong,
Supervisor, District No. 2
