12. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

We request that this well be classified as Temporarily Abandoned. The East Millman Pool Unit is an active waterflood project with an active infill drilling program currently under way. The infill drilling project will continue for another 2 to 3 years and this well will be converted to a water injection well following the infill drilling program. Please see the attached well data showing that a CIBP was set @ 1,623' which is above all perforations in this well. A casing integrity test will be conducted during the week of July 3, 2000.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
