<p>17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.</p>						

Well shut-in February, 1965, due to low oil production. Well is located in an active waterflood project; therefore, need to maintain wellbore for possible return to producing status. Presently unable to estimate date of any future work.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
