17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

We propose to set a drillable bridge plug at approximately 2100' in 4 1/2" casing and to perforate the following intervals:

2nd Queen - 1781' to 1789'
3rd Queen - 1841' to 1853'

Both zones will be given a small fracture treatment to insure injection of water. This remedial work is proposed in order to control water channeling which has occurred in this project
