

(NOTE: All land descriptions herein refer to the New Mexico Principal Meridian whether or not so stated.)

CASE 11202:

In the matter of the hearing called by the Oil Conservation Division ("Division") on its own motion to permit the Wilson - Robinson Brothers Drilling (Company), Inc., operator, The Travelers Indemnity Company, surety, and all other interested parties to appear and show cause why the State "A" Well No. 1 (API No. 30-015-02331), located 600 feet from the South and West lines (Unit M) of Section 36, Township 19 South, Range 28 East, Eddy County, New Mexico (which is approximately 8 miles southeast by south of the old Illinois Production Camp), should not be plugged and abandoned in accordance with a division-approved plugging program. Should the operator fail to properly plug said well, the Division should then be authorized to take such action as is deemed necessary to have the well properly plugged and abandoned and to direct the operator to pay the costs of such plugging.

CASE 10556: (Reopened)

In the matter of Case No. 10556 being reopened pursuant to the provisions of Division Order No. R-5353-M, which order reclassified the Old Millman Ranch Bone Spring Pool in Township 19 and 20 South, Range 28 East, Eddy County, New Mexico, as an "associated pool" to be governed by the General Rules and Regulations for the Associated Oil and Gas Pools of Northwest and Southeast New Mexico, as contained within Division Order No. R-5353, as amended, with temporary special pool rules and regulations attached. All interested parties and operators in the subject pool may appear and show cause why the Old Millman Ranch Bone Spring Associated Pool should not be reclassified as an oil pool to be governed by "statewide" rules.

Given under the Seal of the State of New Mexico Oil Conservation Commission at Santa Fe, New Mexico on this 27th day of January, 1995.

Notice is hereby given that pursuant to the New Mexico Water Quality Control Commission Regulations, the following discharge plan applications have been submitted to the Director of the Oil Conser-

vation Division, 2040 South Pacheco, Santa Fe, New Mexico 87505, Telephone (505) 827-7131:

(GW-023) - Vince Bernard, Safety and Environmental Director, 4044 Pentbrook, Odessa, Texas 79762, has submitted an application for approval of its previously approved discharge plan for its Artesia Gas Plant located in Section 7, Township 18 South, Range 28 East, NMPM, Eddy County, New Mexico. Approximately 23,000 gallons per day of process waste water is disposed of in an OCD approved Class II injection well. The wastewater has a total dissolved solids concentration of approximately 2000 mg/l. Ground water most likely to be affected in the event of an accidental discharge is at a depth of approximately 85 feet with a total dissolved solids concentration from 300 mg/l. The discharge plan addresses how spills, leaks, and other accidental discharges to the surface will be managed.

Any interested person may obtain further information from the Oil Conservation Division and may submit written comments to the Director of the Oil Conservation Division at the address given above. The discharge plan applications may be viewed at the above address between 8:00 a.m. and 5:00 p.m., Monday thru Friday. Prior to ruling on any proposed discharge plan or its modification, the Director of the Oil Conservation Division shall allow at least thirty (30) days after the date of publication of this notice during which comments may be submitted to him and public hearing may be requested by any interested person. Request for public hearing shall set forth the reasons why a hearing shall be held. A hearing will be held if the director determines that there is significant public interest.

If no hearing is held, the Director will approve or disapprove the plan based on the information available. If a public hearing is held, the Director will approve the plan based on the information in the plan and information presented at the hearing.

Given under the Seal of New Mexico Conservation Commission at Santa Fe, New Mexico, on this 27th day of January, 1995.
