Re: Robinson Bros. Drilling Co., Inc.
State A No. 1
Sec. 36, T19S, R28E

Dear Mr. Gressett:

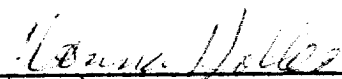

We have your shut in notice on the subject well wherein you show an over production as of October 31 as 18,544 MCF. After posting our amended C-115 reports for July and August we show an overage of 18,364 MCF. Attached is a copy of our allowable and production sheet.

As the well was shut in during the entire month of November, the balance as of November 30 was 1,864 MCF. On this basis the well should be allowed to produce 15,186 during December.

Please let us know if you are unable to agree with our figures.

Yours very truly,

OIL REPORTS AND GAS SERVICES, INC.
