Re: Jones & Watkins, State #6,
SW/NE, Sec. 5-193-29E, Eddy
County, New Mexico.

Dear Nancy:

In reply to your letter of May 23, 1955, with reference to the above captioned well, this well was drilled and operated by Jones & Watkins until October, 1951, and then the Lubbock Machine Company, Inc. filed Form C-110 on November 13, 1951, taking over operations and also changing the well number from #6 to their #1.

I have a note in our file which indicates that a representative of the Lubbock Machine Company and myself outlined a plugging program for this well on March 29, 1954, and Mr. C. O. Fulton plugged the well for Lubbock Machine Company in the early part of April, 1954. I am of the opinion that you have two files on this well and you just happened to pull the Jones & Watkins. I appreciate your bringing this to my attention as I will write the Lubbock Machine Company, Inc. and have them submit a C-103, Report of Final Plugging.

Yours very truly,

OIL CONSERVATION COMMISSION
