Dear Mr. Terrazas:

I called on Mr. Mose Armstrong with the New Mexico Oil Conservation Commission in Artesia last week. I have also filled out necessary State forms (C-102) to plug well in section 7, township 19 south, range 29 east, Eddy County, New Mexico and intend to proceed with plugging this well as soon as I have an OK from Mr. Armstrong on the filed intention to plug. Therefore I am making arrangements for a rig, tubing, etc. to plug the well and I do not wish to use Chase Well Servicing Company in Artesia or until at least I have made a deal with them and find out what they are going to charge. I advise you to notify Mr. Chase to get in touch with me, I will be glad to discuss it with him. I have another rig lined up along with 2 inch tubing which will be necessary in plugging this well and will proceed with all work immediately.

Yours truly,

Stanley L. Jones
