Sec. 32-19-29
N. Burton Atoka Gas Pool

Dear Bob:

We are in the process of extending the vertical limits of the subject pool because of the recompletion of the subject well. However, to date we have received no report of the work done on the well as required. Please file this information with this office on Form C-103 in order that we may complete our files.

Also, we are in receipt of Form C-103 "Semi-Annual Temporary-Abandonment Report" for the Bone Springs Zone of this "dual completion." However, we have no record of an order authorizing this dual completion, therefore, will you please furnish us with the number of the same.

Very truly yours,

Dear Sir:

We are in the process of extending the vertical limits of the
and our records of the completion of the subject well. However,
as we have not received a report of the work done on the well as
required. Please advise this information with this office on Form G-103
in order that we may complete our files.

Also, we are in receipt of Form G-103 "Lead-Ahead Inspection-
Investigation" for the Bone Springs zone on this "Lead-Ahead
Investigation" and we are in receipt of an order authorizing the drill company
to proceed with the drilling of the well. Please advise this office on Form G-103
in order that we may complete our files.

Very truly yours,
