Re: Federal E Lease Well  
No. 3-H, 1-19-30,  
Shugart Pool

Dear Mr. Blanton:

Since the vertical limits of the Shugart Pool include the Yates, Seven Rivers, Queen and Grayburg formations it is perfectly alright for you to remove the dual completion equipment from the subject well. When this is done, the well will be restricted to a maximum allowable of one top allowable. Please file Commission Form C-103 when the work is completed outlining, thereon, what work was done.

Very truly yours,

OIL CONSERVATION COMMISSION
