DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

As set out in our notice of intention of Sept. 5 7" casing was set and mudded at 2455. As a water shut-off was obtained, drilling was resumed and continued to a depth of 2703, at which point additional water was obtained. At the present time the well is shut-down pending a decisions as to what further action should be taken.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.
