Re: State-Lowe Well #2, Unit H
of Sec. 32-19S-30E, Eddy
County, New Mexico.

Dear Sir:

A recent field inspection of the above-captioned well reveals that the "dead-men" wires have not been cut and the drain pit for the tank battery has not been filled.

These things must be taken care of before the plugging report on this well can be approved.

Very truly yours,
