Texas-New Mexico Pipeline Company
P. 60 Box 1510
Midland, Texas

Re: Paton Brothers, Johnson
Well # 1-P, 11-18-31,
North Shugart Queen Gray-
burg Pool, Eddy County,
New Mexico.

Gentlemen:

We were, this date, contacted by Mr. Everett Paton who informed us that Texas-New Mexico Pipeline Company would not run a tank of oil from the subject well because "the well didn't have enough allowable." However, a check of the well's allowable and production reveals that the allowable exceeds the well's production. The difficulty may occur in that the well is a marginal well and the oil has not been run since January of this year.

If there is any question concerning this matter do not hesitate to call me.

Very truly yours,

OIL CONSERVATION COMMISSION
