DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

It is our intention to temporarily discontinue water injection in Well No. 3 and to convert Well No. 4 to water injection in cooperation with The Atlantic Refining Company's waterflood project in Section 14 and the E/2 of SE/4 of Section 11. If Atlantic's waterflood appears to be successful, then we will expand our waterflood to a regular 80-acre 3-spot.
