17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

The above water injection well was shut in on June 25, 1971. The well was shut in because the waterflood has progressed to the extent that the well can be abandoned. This well has been recommended for plugging. The plugging operations to commence during the 2nd quarter 1975.
