## DIAL 3-3942

## JOHN W. WEST ENGINEERING COMPANY 412 NORTH DAL PASO

HOBBS, NEW MEXICO

April 15, 1959

Pan American Pet. Corp. Hobbs, New Mexico

Gentlemen:

On April 8, 1959, a survey was made to locate your No. 5 location on the Greenwood Unit Lease at a point 1930 feet from the North line and 1980 feet from the West line of Section 27, Township 18 South, Range 31 East, N.M.P.M., Eddy County, New Mexico.

A flag was set at the USGLO Section corner marker common to sections 22, 23, 26 and 27, and the Transit was set up at the USGLO Section corner marker common to sections 21, 22, 27 and 28, Then we chained East from Transit a distance of 1930 feet, thence South 1980 feet to the Location Site of the Greenwood Unit No. 5. As a check on our survey we chained West from location site 1980 feet and thence North 1980 feet to the point of beginning of our survey, checking in within the allowable error for this survey.

On April 15, 1959, we were told that the Location Site had been moved 100 feet North to an offset stake that we had set on our survey. This will make the location site of the Greenwood Unit No. 5 at a point 1880 feet from the North and 1980 feet from the West line of Section 27, T18S, R31E, N.M.P.M.

I hereby certify that the foregoing survey was made in the field under my supervision and that the same is true and correct to the best of my knowledge and belief.

Respectfully submitted.

John WWest
