Mr. R. Q. Silverthorne
Post Office Box 498
Artesia, New Mexico 88210

MAY 24 1974

Dear Mr. Silverthorne:

O. C. C.
ARTESIA, OFFICE

Your Notice of Intention to convert and operate as a waste water disposal well your No. 4 Kamood on oil and gas lease Las Cruces 029387(d), located 1650/28N sec. 30, T. 18 S., R. 31 E., N.M.P.M., Eddy County, New Mexico, by injecting produced waste waters into the Yates formation at an interval of 2485-2506 feet, is hereby approved subject to approval by the New Mexico Oil Conservation Commission and the following:

1. If Off-lease waters are to be included in this disposal system, a special land use permit to operate this well as such must be secured from the Bureau of Land Management prior to disposing of any such waters.
2. Where applicable and required, right-of-way permits for pipe lines from other leases must be secured from the Bureau of Land Management or other surface owners prior to laying of any such gathering lines.
3. The usual Sundry Notice and Report (form 9-331 in quintuplicate) must be filed with this office prior to commencing any workover, treatment, suspension of operation, or change of status of this well.
4. Prior approval must be obtained for any change or deviation from the original plans or revision thereof.
5. A monthly injection report (N.M.O.C.C. form C-120-A acceptable) must be submitted to this office in duplicate.

Sincerely yours,

Robert L. Beckman
Assistant District Engineer

CONDITIONS OF APPROVAL, IF ANY:

Instructions

General: This form is designed for submitting proposals to perform certain well operations, and reports of such operations when completed, as indicated, on Federal and Indian lands pursuant to applicable Federal law and regulations, and, if approved or accepted by any State, on all lands in such State, pursuant to applicable State law and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to local, area, or regional procedures and practices, either are shown below or will be issued by, or may be obtained from, the local Federal and/or State office.

Item 4: If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult local State or Federal office for specific instructions.

Item 17: Proposals to abandon a well and subsequent reports of abandonment should include such special information as is required by local Federal and/or State offices. In addition, such proposals and reports should include reasons for the abandonment; data on any former or present productive zones, or other zones with present significant fluid contents not sealed off by cement or otherwise; depths (top and bottom) and method of placement of cement plugs; mud or other material placed below, between and above plugs; amount, size, method of parting of any casing, liner or tubing pulled and the depth to top of any left in the hole; method of closing top of well; and date well site conditioned for final inspection looking to approval of the abandonment.
