Re: Culwin Queen Ut #7 M-31-18-31

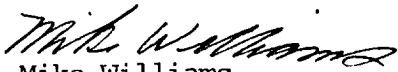

Mr Trigg,

The subject injection well was recently scheduled for a mechanical integrity test. During the testing of B & A Operating Company's Culwin Queen Unit wells, our field personnel were notified of the change of operator on the #7 well to John H. Trigg.

To date we have received no notification of a change of operator from your office.

Please submit appropriate forms at your earliest convenience.

Sincerely,

  
Mike Williams  
Supervisor, Dist II
