Re: C-103 Subsequent report M-31-18-31 Culwin Queen #7

Sir,

Our records show that the Culwin Queen #7 was Plugged and Abandoned. My office did not receive a C-103 Subsequent report stating what was actually preformed during plugging operations and we can not closeout this well. I have enclosed a blank C-103 please fill it out reporting plugging operations and return it too my office.

Sincerely,

  
Mike Stubblefield  
Oil & Gas Inspector
