North Hackberry Yates Pool,  
Eddy County, New Mexico.

Gentlemen:

By letter of April 14, 1960, you asked why the subject well did not appear in the proration schedule under the North Hackberry-Yates Pool. This well is currently carried in the undesignated section of the proration schedule as it is not now within the horizontal limits of the pool. As soon as the pool is extended the well will be placed in that section of the schedule.

If you have any questions concerning this matter do not hesitate to call.

Very truly yours,

OIL CONSERVATION COMMISSION
