Re: Machris State No. 1, NE NE,  
Sec. 32-19S-31E, Eddy County,  
New Mexico

Dear Sir:

This will acknowledge receipt of forms C-102, Notice of Intention to Plug, and form C-103 on the running and cementing of the 5 $\frac{1}{2}$ " casing. As yet, we have received no report on the surface casing run in this well.

In checking the well file, we find that you proposed to set 4 $\frac{1}{2}$ " casing to 2300' and cement with 100 sacks. According to the above-mentioned C-103, you set 5 $\frac{1}{2}$ " casing with 50 sacks. We do not have anything filed by you showing a change of plans, which you must have approved prior to such a change as this.

The above-captioned forms cannot be approved until this matter has been taken care of.

Very truly yours,

OIL CONSERVATION COMMISSION

WAG/sa

W. A. Gessett  
Oil and Gas Inspector

Re: Technical State No. 1, NE NE, Sec. 36-37-38, T. 38N, R. 37E, S. 38E, New Mexico

Dear Sir:

This will acknowledge receipt of forms G-102, in place of intention to mine, and form G-103 on the mining and ownership of the 50% estate. As yet, we have received no report on the surface estate and in this well.

In checking the well file, we find that you proposed to set 15" casing to 2500' and cement with 100 sacks. According to the above-mentioned G-103, you set 15" casing with 50 sacks. We do not have anything filed by you showing a change of plans, which you must have approved prior to such a change as this.

The above-captioned forms cannot be approved until this matter has been taken care of.

Very truly yours,

THE COMMISSIONER OF MINES

W. A. [unclear]  
Oil and Gas Inspector
