Gentlemen:

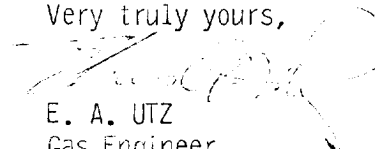

Your letter of January 30, 1970 to Mr. W. A. Gressett has been referred to this office.

If you desire to obtain 320 acre spacing in the Cass Ranch Morrow Gas Pool it will be necessary for you to have a hearing on the matter. This is because the pool was designated March 1, 1964, and Rule 104-II(a) was not effective until June 1, 1964.

In this circumstance we would advertise for a hearing at your request in such a manner that if there were no objections to the request you would not have to appear at the hearing in order to obtain approval.

In the event you desire to have a case advertised for spacing in this pool we would be pleased to have your request.

Very truly yours,

  
E. A. UTZ  
Gas Engineer
