Re: Tidewater FE Well No. 3-L,
Section 19-19-31, North
Hackberry-Yates-Seven Rivers
Pool, Eddy County, New
Mexico

Dear Mr. Bassett:

A field inspection April 8, 1970, revealed that the subject well has not been pumped in some time. There were no belts on the pump and motor and the pulleys were quite rusty.

Therefore, until this office receives notification that the well has been returned to production, the well will be shown shut-in with no allowable in the oil proration schedule.

Very truly yours,

OIL CONSERVATION COMMISSION
