Re: Len Mayer #1-x, Machris  
State

Dear Mr. Armstrong:

Enclosed please find the notice of intention to drill the captioned well. This is an "x" location due to the fact that I was unable to re-enter the original well proposed, which was the Len Mayer - Jack McClellan #1 Machris State. I am this date plugging the #1 Machris (the re-entry) and the notice of intention to plug is enclosed.

Also enclosed please find a photocopy of my letter to E. S. Walker, Commissioner of Public Lands, dated August 8, 1963, wherein I elected to comply with Paragraph 16 of State Oil and Gas Lease E-7345-1. I tendered the 11th year rentals in the amount of \$320.36, and am awaiting an approved copy of my letter to Mr. Walker.

Very truly yours,

  
Len Mayer.
